# Hillside District Plan

## Issues, Goals and Choices Report

### Table of Contents

Table of Contents.....	i
Executive Summary .....	1-1
Household Survey Summary .....	2-1
Goals .....	3-1
Onsite Water and Wastewater .....	4-1
Abbreviations.....	4-1
A. Introduction .....	4-3
B. Overview of Existing Conditions.....	4-4
C. Issues .....	4-6
D. Constraints.....	4-14
E. Opportunities.....	4-15
Public Water and Sewer .....	5-1
A. Introduction .....	5-1
B. Existing Infrastructure .....	5-1
C. Public Water .....	5-2
D. Public Sewer .....	5-7
E. Proposed Water and Sewer Improvements .....	5-8
F. Extending Public Service .....	5-9
G. Costs Associated with Extending Public Services .....	5-11
H. Policies and Practices Regarding Connections to Available Mains .....	5-14
I. Survey of Lender Practices.....	5-14
Drainage .....	6-1
A. Introduction and Summary.....	6-1
B. Existing Drainage Conditions .....	6-2
C. Opportunities and Constraints.....	6-4
D. Drainage Regulations.....	6-5
E. Existing Drainage Maintenance .....	6-6
F. Drainage Management Issues and Options.....	6-7
Transportation: Roads and Trails.....	7-1
A. Introduction and Summary.....	7-1
B. Existing Transportation .....	7-4
C. Road Character .....	7-40
D. Road Connectivity.....	7-41
E. Building and Maintaining Roads.....	7-42

F. Trails .....	7-43
Land Use.....	8-1
A. Introduction and Summary.....	8-1
B. Existing Situation & Growth Potential under Existing Zoning .....	8-2
C. Subdivision and Development Process.....	8-9
D. Reserving “Green Infrastructure” on the Hillside.....	8-18
- Site Development Practices	
- Subdivision Development Practices	
- Watershed Level Planning	
E. Hillside Sub-districts .....	8-30

**Figures, Tables and Maps**

Executive Summary

Land Use and Zoning (map) .....	1-3
Green Infrastructure Concept .....	1-6
Alternative Subdivision Configuration .....	1-7
Illustrative Neighborhood Wastewater Treatment .....	1-9
Existing Water and Sewer Service Area (map).....	1-10
Local Road Service Areas (map).....	1-14
Hillside Watershed/Sub-districts (map) .....	1-15

Household Survey Summary

Figure 1.0 Hillside District Plan, Project Area .....	2-2
---	-----

Onsite Water and Wastewater

Figure 4-1: Typical Residential Well Configuration .....	4-4
Figure 4-2: Hillside Topographic and Subsurface Features.....	4-6
Figure 4-3: Anchorage Surface and Subsurface Flow .....	4-7
Figure 4-4: Interpolated Nitrate Distribution.....	See appendix
Figure 4-5: Nitrate Concentrations for Selected Public Water Systems .....	4-10
Figure 4-6: Example Cluster System Layout .....	4-18
Table 4-1: Typical Range of Estimated OWS Costs.....	4-12

Depth to Bedrock (map) .....	See appendix
Slopes (map) .....	See appendix
Interpreted Soils Suitability (map) .....	See appendix
On-site Challenge Areas (map).....	See appendix
Well Yield (map) .....	See appendix
Wetlands (map).....	See appendix

1987-1997 Bristol Interpolated Concentrations of Nitrates (map) .....See appendix

## Public Water and Sewer

Figure 5-1: Example of a Proposed Water or Sewer Mainline ..... 5-11

Figure 5-2: Historic Improvement District Costs ..... 5-13

Table 5-1: Community Water Systems ..... 5-4

Table 5-2: Non-Transient Non-community Water Systems ..... 5-5

Table 5-3: Transient Non-community Water Systems ..... 5-6

Table 5-4: Programs to Extend Public Water and Sewer..... 5-10

Table 5-5: Sample Cost to a Property Owner by Percentage of Total Project Cost  
for Extending a Water or Sewer Mainline ..... 5-12

Table 5-6: Summary of Lending Practices Regarding Requirements for Connecting  
to Public Water and Sewer ..... 5-15

All Public Water Systems (map) ..... 5-3

Public Water Utilities (map)..... 5-4

Other Public Water Systems (Non-Utility) (map) ..... 5-4

All Public Sewer Systems (map)..... 5-7

Proposed Water and Sewer Development ..... 5-8

## Drainage

Figure 6-1: Changing Development .....See appendix

Figure 6-2: Routing and Problems .....See appendix

Figure 6-3: Existing Drainage Problems .....See appendix

Figure 6-4: No Development .....See appendix

Figure 6-5: Required Controls .....See appendix

Figure 6-6: Opportunities.....See appendix

Figure 6-7: Drainage Regulations .....See appendix

Figure 6-8: Service Areas .....See appendix

Table 6-1: Hillside Road and Drainage Maintenance..... 6-6

## Transportation: Roads and Trails

Table 7-1: Transportation Issues Identified at March 2007 Public Workshops... 7-2

Table 7-2: Functional Roadway Classification ..... 7-6

Table 7-3: Locations of Traffic Fatalities and Incapacitating Injuries, Anchorage  
Hillside 2001-2005 ..... 7-10

Table 7-4: Previously Planned Road Projects in the Hillside District Plan Area 7-20

Table 7-5: Previously Planned Trail Projects in the Hillside .....	7-36
Transportation Issues Identified at the March 2007 Public Workshops (map) ...	7-3
Existing Roads (map) .....	7-5
Road Maintenance Responsibility (map) .....	7-7
Average Daily Traffic (map) .....	7-9
Traffic Accidents (2001-2005) (map).....	7-11
Speed Limits (map).....	7-13
Fire Risk (map).....	7-15
Hillside Road Conditions Serviceability Rating, 2004 (chart).....	7-16
Road Conditions (map).....	7-17
Previously Planned Road Improvement Projects (map).....	7-19
Future Average Daily Traffic, 2027 (map).....	7-25
Existing Transit Network (map).....	7-27
Existing Pedestrian Network (map).....	7-30
Previously Planned Trail Projects (map).....	7-35

## Land Use

Figure 8-1: Subdivision Review and Approval Process.....	8-10
Figure 8-2: Site and Building Development Review Process .....	8-11
Figure 8-3: Green Infrastructure .....	8-20
Figure 8-4: Site Development Practices.....	8-23
Figure 8-5: Subdivision Options .....	8-27
Table 8-1: Population.....	8-3
Table 8-2: 2000 U.S. Census, select characteristics .....	8-4
Table 8-3: Land Use Detail, 2007.....	8-5
Table 8-4: Additional Capacity, 2007 .....	8-7
Census Block Groups (map).....	8-4
Hillside Land Use and Zoning (map).....	8-5
Development Suitability (map).....	8-6
Vacant land suitability (map).....	8-7
Pending Subdivisions (map).....	8-8
Anchorage Building Safety Service Area (map).....	8-12
